On weak automorphisms of binary forms  
over an arbitrary field

WARSZAWA 2005

## CONTENTS

Introduction .....	5
1. Lemmas on $\text{PGL}_2(K)$ .....	7
2. Determination of all binary forms with a given group of weak automorphs .....	14
3. Upper bounds for $ \text{Aut}(f, K) $ .....	29
4. Criteria for a form to have a non-trivial automorph over a given arbitrary field .....	40
5. The case of an algebraically closed field .....	43
References .....	47
